New Mexico Demands Statehood of the 57th Congress.

Statehood! Statehood! for New Mexico! Fight for it.

This must be an off year—for the Democrats—as the Republicans have taken almost everything in sight.

Li Hung Chang the man who has controlled the destiny of China for many years, is dead. He was a statesman and was one of the richest men of this age.

New York City did herself proud at the late election. The voters turned down Tammany Hall the most corrupt political organization in the history of the world.

Uncle Sam set the fashion and now all the other nations are demanding that the Sultan of Turkey, pay his debts. France is the latest to bring the "Sick man of Europe" to terms.

Senator Jones of Nevada, has returned to his first love, the Republican party. He says the silver question is dead. One by one the Silver Republicans are returning to the old Republican party.

The Crestone Eagle is no more. It has sold its good will and subscription list to the Crestone Miner. The Eagle was a fighter for the mining interest of Crestone and the whole Sangre de Cristo range. The Prospector will surely miss the scream of the Eagle on our exchange table.

The rich cattle men are going to make a big effort to have a lease law pass the next session of congress. This will to a certain extent, do away with the small cattle men as they will not have any range to pasture their small holdings. The law will surely, pass if latter class do not wake up and let congress know they have rights as well as their more favored brother.

The "knockers" of northern Taos county will wake up some of these days and find their occupation gone. Now, look wise and say you don't believe it. No one expected you would. Poor thing, you haven't got the brains to look ahead further than from one meal to another. Nevertheless, northern Taos county will surprise her best friends before another year rolls around. If you want to be with the procession go to work, put your shoulder to the wheel and push.

THANKSGIVING PROCLAMATION.

The Chief Executive of the Territory Issues Proclamation.

THURSDAY, NOV. 28 IS THE DAY SET.

Governor Otero Urges the People of New Mexico to Give Thanks for the Manifest Blessings They Have Received During the Present Year.

EXECUTIVE OFFICE.

Santa Fe, N. M., Nov. 6, 1901.

Whereas, the president of the United States following an unbroken national custom of nearly one hundred years, has proclaimed Thursday, the 28th day of November, 1901, to be a day of national thanksgiving for the divine mercy shown us in the past and prayers for similar mercies in the future.

Now, therefore, I, Miguel A. Otero, governor of the territory of New Mexico, in accordance with custom and the power vested in me by law, do hereby ordain and proclaim Thursday, the 28th day of November, 1901, as a day of public thanksgiving and prayer throughout the territory of New Mexico. And while our thanksgiving is mingled with profound sorrow for the untimely taking off of the great and good president and citizen for whom the country still mourns, it may be that lessons will be learned from his death no less than by his living; and while his body was reverently laid away by loving hands in the little cemetery adjoining the humble city of his residence less than two months ago, yet we may well be thankful that the laws enacted since the assassination of President Garfield have made the accession absolute by certain, and no such doubts and fears affect the country as unsettled it on that occasion. We in New Mexico have peculiar cause for thanksgiving in the increase of our herds and flocks, and the bounteous products of the yielding earth; the large amount of railroad building now in progress and contemplated; the greater activity in our mining interests, the influx of population and of capital and the promising hope of our near admission as a state, and for our exemption from fire flood and strikes which have afflicted other portions of the nation.

I recommend on that day that all business, public and private, be suspended, and that the people assemble in their respective places of worship, there to give thanks for their manifold blessings granted them in the past by Almighty God, and supplications for their continuance in the future, and of our bounty let us give to those with less store.

Done at the executive office this 6th day of November, A.D. 1901. Witness my hand and the great seal of the territory of New Mexico.

(Seal) MIGUEL A. OTERO,
Governor of New Mexico.

By the governor—
J. W. RAYNOLD,
Secretary of New Mexico.
